Confirmed Testimony.

The Kind Norway Readers Cannot Doubt.

Doan's Kidney Pills have stood the

test. The test of time—the hardest test of

all. Thousands gratefully testify.

To quick relief—to thorough, lasting

cures. Norway readers can no longer doubt

the evidence. It's convincing testimony—twice-told

and well confirmed. Norway readers should profit by these

experiences.

M. M. Kilgore, Danforth street, Nor-

way, Me., says: "For more than a year

ago my kidneys were disordered and I suf-

fered from backache. I was often so

lame and sore that I could hardly stand

and finally advised to try Doan's Kidney

Pills and procured a supply at Storey

Drug Store. The contents of a few

boxes cured me and I have since been in

good health." (Statement given July 24,

1908.)

NO TROUBLE SINCE.

"On July 17, 1911, Mr. Kilgore added:

"I have had no kidney trouble since

Doan's Kidney Pills cured me some years

ago. I willingly confirm my former

public statement in praise of this rem-

edy." 20-21

PORTER.

A Potato Suggestion.

Friends:—Have you tried to find out why some farmers raised a large crop of potatoes while others had such poor success last year? I think if every farmer had followed a simple rule that I try to follow, there would be more potatoes on the markets this spring.

First, I use good seed, second, I use a good supply of manure and phosphate, third, I cultivate and hoe often, to kill the weeds, fourth, I use a good supply of paris green to kill the bugs.

Now this sounds simple, but to neglect one may spoil the crop.

I usually select a piece of ground that was planted to corn the year before and I add a large supply of manure and plow it in, then I use first a disc harrow and then a spring tooth harrow till I have a good seed bed. I furrow it three and one-half feet apart and straw six bags of phosphate to the acre in the furrows, then I cut my potatoes up, having two eyes to each piece, and place the pieces twelve inches apart. The potatoes must be free from scab or the crop will be scabby.

About a week after the potatoes are planted I go over the piece both ways with a leveling harrow with the teeth set well back, to kill all young weeds, and as soon as the tops of the potatoes show above ground I begin to cultivate and continue once or twice a week till the tops shade the row so I can't get through with a horse. I hoe once or twice as needed. To kill the potato bugs, I use dry paris green, put on with a blower, till the way looks better than the liquid spray, and I have never burned a hill yet by using too much.

Grace Metcalf is keeping house for Curtis Chapman while his wife is away.

Everybody is busy farming, and each one expects to raise more potatoes than last year or "bust" trying.

Mrs. Pauline Chapman and daughter Gladys are visiting her parents, Mr. and Mrs. J. P. Miller of Lynn, Mass.

D. J. Fox is in very poor health this spring; Mrs. Mary Bradeen is also in poor health; Mrs. H. L. Chapman is still gaining.

HARBOR.

Mrs. E. Clough is on the sick list.

Harold Watson is working on the river.

No one goes fishing here this spring only after bonnyons.

Mr. and Mrs. Fred Guptill of Stow visited at their son Simon's, Sunday.

Mrs. John Seavey is at Lovell taking care of Mrs. Fred Harmon and baby.

Mr. and Mrs. George Sawyer of West Bridgton were in the place recently.

Archie Burt, Mary Hall and Lizzie Hall are preparing for the prize speaking at the academy.

Lena Watson of Stow is visiting at her brother's, Harold Watson's. Mrs. Warren Lunt is visiting friends and relatives here.

Mrs. John Burns and four children are visiting her cousin, Mrs. Charles Farrington. Mrs. Burns is on her way to Pennsylvania, where her husband has employment.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

Lawn Mowers

This Spring is one that will make the grass grow anywhere. If you want your lawn or front yard to appear neat and trim you will need a lawn mower.

We have them of various qualities; one, The Nymph, price two seventy-five. This is a sixteen inch cutter, a light machine that can be run easily, self-sharpening and just the kind wanted for small yards; it will last for years and do good work.

We have also The Old National, sixteen inch cut; The Old Standby for a low priced mower, at the same price as the Nymph. It is a very good machine for the price.

Our high grade mower, The Spider is ball bearing, four cutters, self-sharpening. It is, we think, the best mower made regardless of price. We have sold them to people who have had very large lawns, to cemeteries where they were used every day of the season, for several years, and they are still doing perfect work. They run very easy in the heaviest grass and if kept adjusted they will not need sharpening as the action of the knives against the cutter bar will keep them sharp.

Price of the Spider mower, seven dollars and fifty cents.

A Young Base Ball Club.

West Paris boys under the age of 13 have caught the spirit of the age and organized a Base Ball club. Their ambition and success is really worthy of note and really a surprise and a pride to our citizens to note the business methods and energy of our little fellows.

First they circulated a subscription paper and were well encouraged by our citizens with money for expenses; then they organized a base ball club by the names of The West Paris Chickadees Base Ball team with the following named members, age and position in the club: Herbert Gardner, aged 13 years, pitcher and 2d base; Willie Swan, aged 13, pitcher and 2d base; Roy Perham, aged 13, catcher; Carl Emery, 12 years, catcher; Willard Curtis, aged 11 years, 1st base; Hubert Hill, aged 11, a stop; Harold Ellingwood, aged 12 years, 3d base; Merton Curtis, aged 13 years, 1. f.; Carl Bacon, aged 12, c. f.; Harold Perham, aged 12 years, 3b; Sherman Billings, aged 12 years, substitute.

With their new uniforms of red they present a fine appearance. They have played four games, 12 with Bryant Pond and three with the following named teams with Bryant Pond was won by the Chickadees in a score of 24 to 2. The second game was won by the Chickadees in a score of 9 to 6. The games with the Norway boys the first game at Norway was won by the Chickadees, 6 to 0, second game at West Paris was won by the Chickadees, 12 to 0.

The battery of the Chickadees would credit to the average base ball teams. Young Gardner and Swan have got well on to the curves and ball pitching of professionals, and the catchers are not any behind. They are now ready to challenge any club of their age or older to play ball.

Children's Column.

DEAR EDITOR:—As I am a little boy nine years old, I thought I would like to join your circle. I live on a small farm with my papa and mamma. I have four sisters and one little brother. I go to school. I like my school and teacher very much. I was janitor and earned six dollars. I have put it in the Kezar Falls National Savings Bank. I am in hopes of getting more this year to put in with it.

I have got one cow of my own. She is black and white. I take most of the care of her myself. When school is not keeping I earn some money by doing errands for Mr. Lewis, one of my neighbors. He pays me lots of good money.

I will close for this time. I will try and do better next time.

WYFIELD D. McDONALD

Bryant Pond, Me., April 18, 1912

DEAR GIRLS AND BOYS:—As I see the girls and boys have a Children's Column I thought I should try writing a letter and see if it would be printed. I live on a farm where there are ten cows, fifteen hens, two horses and two pigs. For pets I have four cats. I am in the eighth grade at school. Last term there were thirteen scholars that went to school. My teacher's name was Hortense Arket. I liked her very much. I have one brother named Roger. He is going to high school. I guess this is enough for this time so will close as it is my first letter to any newspaper. Age 11 years.

HELEN LAPIN.

DEAR EDITOR:—I am a little girl 11 years old. I go to school every day. My teacher's name is Miss Morse. I take reading, arithmetic, history, physiology, grammar, geography and spelling. My mamma has just returned home a few days ago from Dr. Stimpson's, where she has been for appendicitis. While there she received a nice shower of post cards from her friends.

I have a little sister six years old, her name is Ruth. We have a little calf and her name is Daisy, and we have a cow and 12 hens.

If this escapes the waste basket I will write again.

Yours truly,
ALICE KNEELAND.
May 13, 1912, South Waterford, Me.

Bethel, Me.

DEAR EDITOR:—I will tell you about my cat. My cat is gray and his name is Spottie Kimball. I like him and he sings to me when I pat him on the back. He has no tail and he is a rabbit cat, and he catches mice and birds. We don't want him to get the birds. I have thirty pet hens and they laid 20 eggs Sunday. I will send you my Sunday verse:

"Safe upon the ocean,
Safe upon the shore,
I don't wish to roam,
Now and forevermore."

BLANCHETTE KIMBALL.

Here is a letter just written by our little Blanche:

Dear Mama Kimball:—How are you today? I have a kiss for you. I love you all the time. I want to be a good girl. "God bless our home." "God bless our school." "Mizpah." "Learn to wait."

I send you a verse:

"Be you tempted as you may
Each day and every day,
Speak what is true
True things in great and small
Then though the sky should fall
Sun, moon and stars
Heaven would shine through."

Write soon. I am always glad to hear from you. Good bye—God be with you, it means.

Age 9.

My Possessions.

I have a dad,
His name is Sol,
He says, "I'm his dad."
But I am not tall.

I have a ma,
Her name is Eva,
She makes great cakes,
And I would not leave her.

I have a sister,
Her name is Eleanor,
How I would miss her
If we were selling her.

I have a horse,
She does some tricks,
That make me laugh
And oh, my! How she kicks.

I have a home,
The best in the land,
I don't wish to roam,
I tell you it's grand.

Golden Wedding.

The following poems were read on the fiftieth anniversary of Mr. and Mrs. Roscoe Tuell of West Paris:

In the month of May,
On the thirteenth day,
You began this life
As man and wife
When the woods after the April showers
Were rich with Mayflowers,
And the singing birds
Everywhere were heard,
Your journey began was bright
As the morning light,
Fifty years have passed
Bright to the last.
Golden years are they
Pleasant memories convey;
Each to each in jovial strain
You have been out, not twain.
Some days have been weary and sad
With the good comes the bad;
Our Heavenly Father will it so
That the good may sweeter grow.
Darling Minnie was the first born,
Who in three short years, left you forlorn;
But Luile came to strengthen
The love of home and Heaven.
Success has had its way
But it too could not stay.
With patience Roscoe bore
The last trial sore.
Like the blind beggar of olden day
Jesus cured with ointment of clay,
So he modern treatment received,
And now he's highly pleased.
Fine print he's able to read
The snout on one's face to heed,
And to greet his neighbor across the road
Is enough to lighten any load.
May many more years of happiness
Come your lives to bless,
Along the pathway bright
To the promised land where there is no night.

Fifty Years.

Fifty years of sunshine
Mingled in with rain,
Fifty years of gladness
Mingled in with pain.
Fifty years of living
Mingled in with care,
Fifty years of loving
Blessing on your share.
But through all the journey,
Fair or foul the weather,
Keeping step you've traveled
Fifty years together.
Heavenly Father guide you
Faint your prayers never,
'Till you in His presence
Live and love forever.

A Wish.

The fifty years you've toiled together
Seem scarcely but a day
May the blessings be so many
That they drive all the clouds away.

Greetings.

Your Golden Wedding Day,
I send you greetings kind,
Hoping you will always find
Friendships dear
To guard your way
To your happy Diamond Day.

The Cause of Colds and a Safe Cure.

A common cause of many colds is the sudden checking of the unconscious perspiration by exposure to a change of temperature. Colds, whether taking the form of Coryza with sneezing, running nose, and perhaps sore throat, or with chilly and feverish symptoms, should never be neglected in the earliest stages, serious illness often results from such neglect.

It is well to get early to bed, to get the body well warmed, and most important to have the bowels move freely. There is no safer or better remedy to use at the beginning of a cold than "L. F." Atwood's medicine. Two to four teaspoonfuls will quickly relieve congested conditions, drive out impurities from the system and ward off further trouble. Always keep a bottle in the house. Any dealer will supply you for thirty-five cents. If you have never used them, write today for a free sample to the L. F. Medicine Co., Portland, Maine.
